JOURNAL OF ANATOMY

309

CONDUCTED ON BEHALF OF THE ANATOMICAL SOCIETY
OF GREAT BRITAIN AND IRELAND BY

L. E. H. ASHTON
D. BULMER
R. E. COUPLAND
M. H. DAY
M. J. T. FITZGERALD
J. W. S. HARRIS
R. L. HOLMES
F. R. JOHNSON
R. M. H. McMINN
G. J. ROMANES
R. J. SCOTHORNE
J. J. PRITCHARD (EDITOR)

VOLUME 126
MAY–AUGUST 1978

CAMBRIDGE UNIVERSITY PRESS
CAMBRIDGE · LONDON · NEW YORK

Contents

PART 1 MAY 1978

PAGE

Development of the indusium griseum. III. An autoradiographic study of cell production. By R. R. STURROCK 1

A histological study of post mortem changes in the skeletal muscle of the fowl (*Gallus domesticus*). II. The cytoarchitecture. By ALISON F. MACNAUGHTAN 7

A collagen and elastic network in the wing of the bat. By KAREN A. HOLBROOK and GEORGE F. ODLAND 21

The teratogenic effects of 5-fluoro-2-desoxyuridine (F.U.D.R.) on the Wistar rat fetus, with particular reference to cleft palate. By M. W. J. FERGUSON 37

The comparative anatomy of the blood supply of cardiac ventricles in the albino rat and guinea-pig. By S. H. AHMED, M. T. RAKHAWY, A. ABDALLA and E. I. ASSAAD 51

An electron microscopic study of the adductor externus superficialis muscle associated with the venom gland of the cobra (*Naja naja*). By P. GOPALAKRISHNAKONE and A. D. P. JAYATILAKA 59

Preferential orientations of nerve processes in cat and monkey cortex. By H. L. SELDON and D. G. VON KEYSERLINGK . . . . . .

The normal human appendix: a light and electron microscopic study. By P. GORGOLLÓN 87

The permeability of a keratinizing squamous epithelium in culture. By C. A. SQUIER, O. FEJERSKOV and A. JEPSEN 103

Electron microscopic studies of macrophages in Wallerian degeneration of rat optic nerve after intravenous injection of colloidal carbon. By E. A. LING 111

The epithelial innervation of the lower respiratory tract of the cat. By R. M. DAS, P. K. JEFFERY and J. G. WIDDICOMBE 123

Cell specialization in the epithelium of the small intestine of feeding *Xenopus laevis* tadpoles. J. A. MARSHALL and K. E. DIXON 133

The thickness of the cartilage in the hip joint. By HEINZ J. KURRAT and WALTER OBERLÄNDER 145

Scanning electron microscopy of skin window cells of normal subjects. By R. J. SOKOL, T. E. DURRANT and G. HUDSON 157

An autoradiographic study of the afferent innervation of the trachea, syrinx and extrapulmonary primary bronchus of *Gallus gallus domesticus*. By A. J. BOWER, S. PARKER and V. MOLONY 169

Ultrastructure of parathyroid glands in triamcinolone-treated mice. By RAYMOND COLEMAN and MICHAEL SILBERMANN 181

PAGE

Effects of dark rearing on dendritic spines in layer IV of the mouse visual cortex. A quantitative electron microscopical study. By M. FREIRE . 193

On the calibre of the ureteric lumen. By A. D. HOYES and PAULINE BARBER 203

An ultrastructural study of preimplantation uterine embryos of the rhesus monkey. By P. R. HURST, KATHRYN JEFFERIES, P. ECKSTEIN and A. G. WHEELER 209

The future of *Nomina Anatomica* – a personal view. By ROGER WARWICK . 221

PART 2 JUNE 1978

An atlas of the dorsal thalamus of the marsupial brush-tailed possum, *Trichosurus vulpecula*. By J. R. HAIGHT and L. NEYLON 225

Fine structure of the stratum intermedium, stellate reticulum, and outer enamel epithelium in the enamel organ of the kitten. By ERNST KALLENBACH 247

Time course of 5,6-dihydroxytryptamine neurotoxic effects on fowl diencephalon and upper brain stem monoaminergic pathways. By G. GARGIULO and G. NISTICÒ 261

Growth of transplants of rat humerus following circumferential division of the periosteum. By E. M. HARKNESS and W. D. TROTTER 275

Fine structure of the myenteric and submucous plexuses in the stomach of a coral fish, *Chelmon rostratus* Cuvier. By W. C. WONG and C. K. TAN . 291

Cell death during the postnatal morphogenesis of the normal rabbit kidney and in experimental renal polycystosis. By J. A. GARCÍA-PORRERO, J. L. OJEDA and J. M. HURLÉ 303

Ultrastructural changes in the guinea-pig placenta, with special reference to organelles associated with steroidogenesis. By S. M. BURGESS and W. H. TAM 319

Postnatal development and differentiation of the opossum submandibular gland. By C. ROLAND LEESON, J. HARRY CUTTS and WILLIAM J. KRAUSE 329

The surface structure of ageing human articular cartilage: a study by reflected light interference microscopy (RLIM). By R. B. LONGMORE and D. L. GARDNER 353

Age changes in the triangular fibrocartilage of the wrist joint. By Ž. D. MIKIĆ 367

Structure of amniotic papillae in sheep. By C. B. TURNER and P. R. GARLICK 385

BOOK REVIEWS 393

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF GREAT BRITAIN AND IRELAND, JANUARY 1978, INCLUDING A SYMPOSIUM ON ANATOMY AND MEDICAL EDUCATION IN WESTERN EUROPE 397

PART 3 AUGUST 1978

PAGE

Geometric anatomy of the aortic–common iliac bifucation. By P. M. SHAH, H. A. SCARTON and M. J. TSAPOGAS 451

The organization of neocortical projections from the ventroposterior thalamic complex in the marsupial brush-tailed possum, *Trichosurus vulpecula*: a horseradish peroxidase study. By J. R. HAIGHT and L. NEYLON . . 459

Ultrastructure of the filiform papillae on the tongue of the hamster. By BENJAMÍN FERNANDEZ, ISABEL SUAREZ and AGUSTÍN ZAPATA. . . . 487

Effects of blood, bile and starch in the peritoneal cavity of the rat. By E. M. WALKER. 495

Quantitative studies on the maturation of central and peripheral parts of individual ventral motoneuron axons. I. Myelin sheath and axon calibre By JOHN P. FRAHER 509

The topographical anatomy and blood supply of the carotid body region of the domestic fowl. By E. M. ABDEL-MAGIED, and S. S. KING . . 535

The fibrous growth plate of the rat tibia: tritiated thymidine autoradiographic study. By M. H. BADI 547

The velocity field of growing ear cartilage. By R. W. COX and M. A. PEACOCK 555

Electron microscope observations of human fetal striated muscle. By H. J. GAMBLE, J. FENTON and GRETA ALLSOPP 567

Stereological analysis of the duct system of the rabbit parotid gland. By G. H. COPE 591

A maturation change detected in the semilunar cartilages with the scanning electron microscope. By E. M. MOSHURCHAK and F. N. GHADIALLY . 605

ANATOMICAL NOTE. Spurt and shunt muscles. By M. A. MACCONAILL . . 619

BOOK REVIEWS 623

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF AUSTRALIA AND NEW ZEALAND 625

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF SOUTHERN AFRICA. . . 659
